ABOUT ME

Hey there! I'm Michelle. My passion is taking photos, especially of people who are madly in love! My goal is to capture those moments that you will treasure and keep for a lifetime. I pride myself on natural imagery and if I tell you to smile or say cheese feel free to slap me!

I won't bore you too much, but I do have qualifications (in case you were wondering)! I have a photography A-level and graduated from the UCE in Birmingham in 2009 with a degree in Media & Communications specialising in photography.

I have been lucky enough to be featured on some wonderful wedding blogs including Rock and Roll Bride and have also been a finalist in the Wedding Industry Awards.

I'D LOVE TO BE A PART
OF YOUR BIG DAY!

I love spending time in my home with my wonderful partner Anthony and my gorgeous son Xavier. I also love spending time with my amazing family and friends, drinking tea and eating cake. **CAKE IS LIFE!**

I have been running the business for 12 years now so I know a thing or two about weddings. Ask me anything!

I photographed my first wedding in 2009, and instantly discovered a love for it. I'm always so humbled when a couple book me for their wedding; being such a big part of your wedding day really means so much to me. I have been known to fill-in as dress fluffer, cravat tier, and the occasional cake eater (obviously!), so I do come in very useful on the day! I also have the great pleasure of saying that so many of my couples have become wonderful friends after their weddings, you can't get rid of me that easily! Please feel free to get in-touch for a chat about your wedding photography, I would love to hear from you!

WHAT TO EXPECT

On the day

On your wedding day, if you have booked the full day package I will arrive with the Bride to capture preparation shots (typically two hours before the ceremony)

It's then ceremony time! I will race to the front to capture that walk down the aisle whilst trying to capture the groom in bits! I'll then shoot the confetti shot if you would like one and a group shot of everyone. In the time between the ceremony and the food I will capture group shots (not too many!), couple shots, candid, speeches and everything in between.

After the food I will take you guys off for a few more couple shots then generally be with you until a few songs after the first dance, so roughly 9 hours. If you require me for any longer an additional charge per hour will apply.

An option for an additional photographer is always good as you can have some groom prep photos, pics of the back of the ceremony and more candid for your amusement! I also do a short day coverage option for 6 hours if you didn't need me for the full day.

I CAN
STAY LATER
IF REQUIRED
FOR AN
ADDITIONAL
FEE

SO BASICALLY...

9 HOURS (approx)

Michelle will arrive at brides location for preparation shots.

Second photographer if you have one will arrive with the groom

Ceremony shots, confetti, groups, couple shots, candid, details, speeches...

Be with you for roughly 2-3 songs after the first dance.

WHY CHOOSE ME?

I don't think it makes sense for me to tell you why to choose me (because of course I'd be biased!). Here's what some of my amazing clients have to say about me. You can find more reviews on Freeindex.

"Two photographers that capture every moment. Even the ones you miss on your big day. We originally employed the services of another photographer but when we met SilverStar we cancelled the others immediately. The day was captured in its natural state. Nothing was forced or posed. A truly happy customer who has immediately recommended the services of SilverStar Photographic to their newly engaged friends and family. Not only do we recommend that your use these two, we insist. She just gets it!"

KIM & LEWIS

"Silverstar Photographic did our wedding photos in April this year and we are super happy! Michelle immediately struck up an excellent rapport with us and made us feel at ease even before the engagement shoot. The packages she offers are excellent value for money, and the main attraction for us was that she doesn't do staged pictures. Your photos are beautifully captured moments of your special day. We can't stop looking at ours! We would highly recommend SilverStar to anyone."

HELEN & KOFI

"Professional and friendly. Put everyone at ease and dissolved into the background in equal measure. You can tell from our fabulous wedding photos that no-one was worrying about where the photographers were! Quality of the photos were received speaks for itself. Would definitely recommend."

KIRSTIE + PHIL

"Our wedding was slap bang in the middle of the beast from the east! We hadn't banked on having snow, let alone ankle deep snow. Was beautiful to see Digbeth in such a setting. SilverStar was fantastic, knew just what we wanted, were friendly and nothing was too much! They got into the snow, and we got exactly what we wanted! Professional, polite, friendly, and just fantastic service. Our signing frame is fab I just love it!"

CATHERINE + MARTIN

"We want to say a massive thank you to Michelle for capturing the amazing moments of our special day. The attention to detail was phenomenal and it was a joy to watch the photos back and to see all of the small aspects that we had missed! She listened to our ideas and by bringing her own unique visions she produced wonderful pictures that superseded anything we had imagined. She has an artistic eye for composition and is extremely talented. It was an honour to have her as part of our day."

JOHN + CAT

Michelle was beyond amazing! She was so in tune with what we wanted from our wedding photos and totally listened to us. She was great fun to work with on the day, kept us laughing! We were so relaxed with her and comfortable with everything, nothing was regimented or awkward. Absolutely amazing photos too! We chose SilverStar as they were honestly some of the best wedding photos we had seen so we already knew we were choosing correctly! We cannot recommend her enough. Book her if you haven't already!
